EGO™

POWER+ BATTERY & CHARGER

EGO POWER+ BATTERIES & CHARGERS

With the power to outperform petrol, our innovative range of
batteries and chargers deliver all the power you need

EGO POWER+ ARC LITHIUM DELIVERS THE INDUSTRY'S HIGHEST ENERGY CAPACITY

Power and comfort, combined

Light, comfortable and ergonomic, the EGO Power+ backpack harness is the most comfortable way to enjoy the industry-leading power. It works with all our batteries and by carrying the battery in the backpack instead of the tool, the weight is distributed evenly.

Our unique patented 56V Arc Lithium technology is designed like no other battery. It's why it performs like no other battery

Designed from the ground up to deliver petrol-matching performance, the EGO Power+ 56V Arc Lithium battery has an innovative design to maximise battery cooling. Unlike conventional brick-shaped batteries where the cells are packed together, overheat and shut down, our unique Arc design dissipates heat more effectively.

BALANCED, PRECISE, POWERFUL

Powered by the petrol-matching 56V Arc Lithium battery, a single charge delivers such impressive run times that you'll be amazed at how much hedge you can cut.

The well-balanced design also has a number of clever features to make using for long periods of time more comfortable. The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

BLOWS PETROL-POWERED BLOWERS OUT OF THE WATER

Powered by a high-efficiency brushless motor, the EGO Power+ blowers feature jet turbine technology and large diameter tube to give maximum airflow. With a variable speed function designed to keep you in control, selected models also feature a Turbo Boost mode, delivering extra power for those hard to move objects. More than most handheld petrol blowers on the market. That's more than enough power to clear up even the biggest windfall.
